Education

Ph.D. in Economics, London School of Economics

M.Sc. In Computer Science, Tel-Aviv University

B.Sc. in Mathematics and Physics, Hebrew University

Employment

Lecturer (assistant professor), Department of Economics, University of Melbourne (2013-2019)

Postdoctoral Research Fellow, Department of Economics and Nuffield College, University Oxford; Department of Economics, University of British Columbia (to 2012)

Research Interests

Behavioural and Experimental Economics/Finance.

Publications (peer-reviewed)

Why Choice Lists Increase Risk Taking (with David Freeman), *Experimental Economics*, 2019, vol. 22(1). DOI:10.1007/s10683-018-9586-z.

The Welfare Cost of Well-being Inequality (with L. Goff and J. Helliwell), *Economic Inquiry*, 2018, vol. 56(4), p. 2177-2194. DOI:10.1111/ecin.12582.

Infrastructure Spending in China Increases Trust in Local Government, *Social Indicators Research*, 2017, vol. 132(1), p. 341-356. (with Bingqin Li). DOI:10.1007/s11205-015-1223-z.

The Emotional Consequences of Donation Opportunities, *The Journal of Positive Psychology*, 2017, vol. 12(2), p. 169-177. (with L. Aknin and J. Helliwell). DOI:10.1080/17439760.2016.1163409.

Does Relative Income Matter? Are the Critics Right? in E. Diener, J. F. Helliwell, and D. Kahneman (ed.), *International Differences in Well-Being*, Oxford University Press, 2010 (with R. Layard and S. Nickell).

Late-Life Decline in Well-Being Across Adulthood in Germany, the UK, and the US, *Psychology and Aging*, 2010, vol. 25(2), p 477-485 (principal authors: D. Gerstorf and N. Ram). DOI:10.1037/a0017543.

The Marginal Utility of Income, *Journal of Public Economics*, 2008, vol. 92, p .1846-1857 (with R. Layard and S. Nickell). Winner of the German Socio-Economic Panel (SOEP) first prize as best scientific publication. DOI:10.1016/j.jpubeco.2008.01.007.

Cost-benefit analysis of psychological therapy, *National Institute Economic Review*, 2007, vol. 202 (1), p. 90-98 (with R. Layard, D. Clark, and M. Knapp). DOI:10.1177/0027950107086171.

Working papers

Priors and Desires—A Bayesian Model of Wishful Thinking and Cognitive Dissonance

Wishful Thinking in Predictions of Asset Prices

Modes of Rationality: Act versus Rule-Based Decisions (with Yoram Halevy)

Stochastic choice between lotteries: a preference for randomisation or a misunderstanding of probabilities? (with Peter Robertston)

Losses Change the Experience of Inequality (with L. Aknin and J. Helliwell)

Life Satisfaction and Relative Income—Perceptions and Evidence (with G. Wagner, and J. Schupp)

Other publications

Review of: A Course in Behavioural Economics, by Eric Angner, *Economic Record*, 2014, vol. 90 (291), p. 561-562. DOI:10.1111/1475-4932.12162.

Teaching

ECON30019 Behavioural Economics (2013—2017)

ECON30022 Experimental Economics (from 2015)

ECON90045 Microeconomics 2 (from 2018)

Research supervision

Supervised two PhD students to completion (one as main supervisor).

Grants and Honours

U. Melbourne Faculty Research Grant, 2018 (\$9,069)

SSHRC Insight Development Grant 2016, co-investigator with David Freeman (\$58,614)

CIFAR Junior Fellow Academy 2012-2014 (\$75,000)

John Fell OUP Research Fund 2010-2011 (\$8,000)

Russell Sage Foundation Behavioral Economics Small Grants Program (2010)

Socio-Economic Panel (SOEP) Best Scientific Publication for 2008

Russell Sage Foundation Summer Institute in Behavioral Economics (2006)

ESRC Graduate Student Scholarship (2005-2008)

Patent, *A Communication System* (GB2361335)

Bronze Medal, International Mathematics Youth Olympiad

Seminar Presentations

2018

Decision Theory, Experiments and Applications (invited talk, Paris), Foundations of Risk and Uncertainty (FUR, York), Behavioural and Experimental Economics and Finance (Sydney), Australia New Zealand Workshop in Experimental Economics (Auckland)

2017

Bounded Rationality in Choice (London), Australia New Zealand Workshop in Experimental Economics (Melbourne), Behavioural Economics Foundations and Applied Research (Sydney), Society for Advancement in Behavioural Economics (Newcastle)

2016

U. Sydney (May), Limited Reasoning, Cognition and Coordination workshop in the Barcelona GSE Summer Forum (June), D-TEA (Decision: Theory, Experiments and Applications) (June), FUR (Foundational of Utility and Risk) (June), Economic Science Association World Congress (July), ANZWEE 2016.

2015

Economic Science Association World Congress, ANZWEE 2015

2014

University of Technology Sydney, ANZWEE 2014 (Australia New Zealand Workshop on Experimental Economics), University of Western Australia, Chinese Academy of Social Sciences, WISE Workshop on Experimental Economics

2013

Australian National University, Monash University, University of Queensland, ANZWEE 2013 (Australia New Zealand Workshop on Experimental Economics), ESAM 2013 (Econometric Society Australian Meeting).

2012

Princeton University, University of Edinburgh, University of Melbourne, University of Nottingham, University of Oxford, Workshop on “Formation and Elicitation of Beliefs” (CIRPEE/WZB), WZB (Berlin)

2011

Economic Science Association 2011 (Chicago), ESMT (Berlin), Nuffield Workshop on Experimental Research and Social Dilemmas (Oxford), Paris School of Economics, Stanford Institute for Theoretical Economics 2011 (Psychology and Economics, 9.0), Transatlantic Theory Workshop 2011 (Paris), University of Edinburgh

2010

CalTech, Macao Polytechnic, Peking University, Renmin University, UC Berkeley, UC Santa Barbara

2009

Bar Ilan University, Ben-Gurion University, Collegio Carlo Alberto, European Summer Symposium in Economic Theory (Gerzensee), Hebrew University, Maastricht University, MIT, Royal Holloway, RUD 2009 (Duke), University of Oxford, University of British Columbia, University College London, University of Essex, Warwick University

Consulting

Expert witness in “Roo-Roofing Pty Ltd & Anor v Commonwealth (SCI 2015 3382)” (as a behavioural economist hired by the Australian Government Solicitor).

The Prudential Insurance Company of America (2015), (consulting on optimism bias for the Bring Your Challenges online advertising campaign)

Reviewing

Econometrica, Economic Inquiry, Economic Journal, European Economic Review, Journal of Behavioral and Experimental Economics, Journal of Economic Behavior and Organization, Journal of Economic Geography, Journal of Economic Psychology, Journal of the European Economic Association, Journal of Public Economics, International Economic Review, Oxford Economic Papers, Quarterly Journal of Economics, Rand Journal of Economics, Review of Economic Studies, Theoretical Economics, Trends in Cognitive Sciences
